

AMERICAN JOURNAL OF OPHTHALMOLOGY®

VOLUME 97
JANUARY—JUNE, 1984

FRANK W. NEWELL, *Publisher and Editor-in-Chief*
Tribune Tower, Suite 1415, Chicago, Illinois 60611

EDITORIAL BOARD

THOMAS M. AABERG, *Milwaukee*
MATHEA R. ALLANSMITH, *Boston*
DOUGLAS R. ANDERSON, *Miami*
RONALD M. BURDE, *St. Louis*
FRED EDERER, *Bethesda*
FREDERICK T. FRAUNFELDER, *Portland*
EUGENE HELVESTON, *Indianapolis*
FREDERICK A. JAKOBIEC, *New York*
HERBERT E. KAUFMAN, *New Orleans*
STEVEN G. KRAMER, *San Francisco*
IRVING H. LEOPOLD, *Irvine*
ROBERT MACHEMER, *Durham*
A. EDWARD MAUMENEE, *Baltimore*

IRENE H. MAUMENEE, *Baltimore*
NANCY M. NEWMAN, *San Francisco*
EDWARD W. D. NORTON, *Miami*
G. RICHARD O'CONNOR, *San Francisco*
ARNALL PATZ, *Baltimore*
DEBORAH PAVAN-LANGSTON, *Boston*
STEPHEN J. RYAN, *Los Angeles*
DAVID SHOCH, *Chicago*
BRUCE E. SPIVEY, *San Francisco*
BRADLEY R. STRAATSMA, *Los Angeles*
H. STANLEY THOMPSON, *Iowa City*
GUNTER K. VON NOORDEN, *Houston*
GEORGE O. WARING, *Atlanta*

CONSULTING BOARD

CROWELL BEARD, *San Jose*
BERNARD BECKER, *St. Louis*
BENJAMIN F. BOYD, *Panama*
RONALD E. CARR, *New York*
THOMAS CHALKLEY, *Chicago*
CLAES H. DOHLMAN, *Boston*

DUPONT GUERRY III, *Richmond*
ROBERT W. HOLLENHORST, *Rochester*
ARTHUR H. KEENEY, *Louisville*
CARL KUPFER, *Bethesda*
ALBERT M. POTTS, *Louisville*
MARVIN L. SEARS, *New Haven*

H. STANLEY THOMPSON, *Book Review Editor*
THOMAS M. AABERG, *Associate Editor*
MARY L. BORYSEWICZ, *Executive Managing Editor*

COLLABORATORS

MARK GREENWALD, *Chicago*,
RONALD F. LOWE, *Melbourne, Australia*, AND E. LEE STOCK, *Chicago*

PUBLISHED MONTHLY BY THE OPHTHALMIC PUBLISHING COMPANY
Tribune Tower, Suite 1415, Chicago, Illinois 60611

SUBJECT INDEX

Note: Abstract Index follows Author Index

A

- Abduction**
 - Surgical repair of medial wall fractures, 349
- Accommodation**
 - Transient myopia and accommodative paresis following retinal cryotherapy and panretinal photocoagulation, 704
- Acetylcholine**
 - Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery, 40
 - Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery (correspondence), 664
 - Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery (correspondence), 799
 - Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery (correspondence), 803
- Acquired immune deficiency syndrome**
 - Acquired immune deficiency syndrome (editorial), 240
 - Prospective study of the ophthalmologic findings in the acquired immune deficiency syndrome, 133
- Acyclovir**
 - Acute retinal necrosis (correspondence), 661
- Adduction**
 - Surgical repair of medial wall fractures, 349
- Airflow**
 - Effects of topical betaxolol, timolol, and placebo on pulmonary function in asthmatic bronchitis, 86
- Albinism**
 - Albinotic characteristics in congenital nystagmus, 320
- Albumin**
 - Therapeutic effects of short-term plasma exchange in endogenous uveitis, 565
- Allopurinol**
 - Further studies on allopurinol therapy and human cataractogenesis, 205
- Amaurosis**
 - Leber's congenital amaurosis associated with familial juvenile nephronophthisis and cone-shaped epiphyses of the hands (the Saldino-Mainzer syndrome), 233
 - Leber's congenital amaurosis in monozygotic twins (letter), 655
- Amblyopia**
 - Depth of strabismic amblyopia determined with neutral density filters (correspondence), 400
 - Visual-evoked potential in tobacco-alcohol and nutritional amblyopia (correspondence), 110
- Amphotericin B**
 - Successful treatment of postoperative *Candida* endophthalmitis in an eye with an intraocular lens implant, 593
- Amyloidosis**
 - Immunocytochemical demonstration of prealbumin in the vitreous in hereditary familial amyloidosis, 296
- Anesthesia**
 - Painless subconjunctival injections (letter), 394
 - Spraying topical ophthalmic preparations (letter), 245
 - Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery, 46
- Angiogenesis**
 - Ocular vasodilation and angiogenesis in Potter's syndrome, 16
- Angioid streaks**
 - Angioid streaks associated with hereditary spherocytosis, 444
- Angiotensin-converting enzyme**
 - Eleven cases of sarcoidosis of the optic nerve, 62
- Anisocoria**
 - Contraction anisocoria resulting from half-field illumination, 577
- Anterior chamber**
 - Argon laser treatment of the ciliary processes in aphakic glaucoma with flat anterior chamber, 82
 - Draining implant for neovascular glaucoma (correspondence), 113
 - Effect on the retina of an air cushion in the anterior chamber and coaxial illumination (correspondence), 399
 - Ophthalmomyiasis interna causing visual loss, 605
 - Peters' anomaly associated with partial deletion of the long arm of chromosome 11, 11

Anterior segment

- Fluorophotometric study of anterior segment barrier functions after extracapsular cataract extraction and posterior chamber intraocular lens implantation, 197
- Antibiotic drugs**
 - Contamination of donor cornea by gentamicin-resistant organisms, 560
- Antibody**
 - Immunohistochemistry of retinoblastomas in humans, 301
- Antigen**
 - HLA-B12 and HLA-B27 antigens in keratoplasty (letter), 245
- Antisepsis**
 - Corneal toxicity of presurgical skin antiseptics, 221
- Aphakia**
 - Argon laser treatment of the ciliary processes in aphakic glaucoma with flat anterior chamber, 82
 - Corneal ulcers associated with extended-wear soft contact lenses, 476
- Aqueous humor**
 - Fluorophotometric study of anterior segment barrier functions after extracapsular cataract extraction and posterior chamber intraocular lens implantation, 197
- Aspirin**
 - Aspirin and recurrent hyphema after blunt ocular trauma (correspondence), 663
- Asthma**
 - Effects of topical betaxolol, timolol, and placebo on pulmonary function in asthmatic bronchitis, 86
- Astigmatism**
 - Crescentic lamellar keratoplasty for pellucid marginal degeneration (correspondence), 250
 - Primary surgical repair of severe peripheral marginal ectasia in Terrien's marginal degeneration, 332
 - Reducing surgically induced astigmatism by using a scleral tunnel, 450
- Autopsy**
 - Postmortem ophthalmic pathology (editorial), 384

B

- Behçet's syndrome**
 - Therapeutic effects of short-term plasma exchange in endogenous uveitis, 565
- Beta-blocker**
 - Effects of topical betaxolol, timolol, and placebo on pulmonary function in asthmatic bronchitis, 86
- Betaxolol**
 - Effects of topical betaxolol, timolol, and placebo on pulmonary function in asthmatic bronchitis, 86
- Blepharoptosis**
 - Vertical tarsal buckling as a complication of levator aponeurosis repair for acquired blepharoptosis, 93
- Blepharospasm**
 - Blepharospasm associated with tegافر combination chemotherapy (letter), 649
- Blowout fracture**
 - Surgical repair of medial wall fractures, 349
- Books**
 - Adverse Effect of Contact Lens Wear. An Atlas for Ophthalmic Practitioners, by Koch, D. D., de Sanabria, M. C., Sanning, F. B., and Soper, J. W., 537
 - Anatomia Funcional do Olho e Seus Anexos, by Dantas, A. M., 257
 - Atlas of the Peripheral Retina, by Bell, F. C., and Stenstrom, W. J., 804
 - Biochemistry of the Eye (American Academy of Ophthalmology Manuals Program, 1983), by Anderson, R. E. (ed.), 255
 - Biology of Vitamin E, 256
 - Cataract Surgery. Current Options and Problems, by Engelstein, J. M. (ed.), 804
 - Cerebral Computed Tomography, 2nd ed., by Weisberg, L., Nice, C., and Katz, M., 535
 - Chlamydial Disease. British Medical Bulletin, vol. 39, No. 2, 1983, by Darougar, S. (ed.), 536
 - Color Atlas of Contact Lenses (& Prosthetics), by Ruben, M., 670
 - Comparative Ophthalmic Pathology, by Peiffer, R. L., Jr. (ed.), 402
 - The Lacrimal System, by Milder, B. (ed.), 254

- La Retina Periferica.** Prevención del desprendimiento, by Bustamante, A. P., 669
- Laser Therapy of the Anterior Segment,** by Schwartz, L., Spaeth, G., and Brown, G., 538
- Lens Research,** by Lerman, S., 118
- Maxillofacial Trauma,** by Mathog, R. H. (ed.), 805
- Posterior Chamber Lens Implant Surgery,** by Yang, H. K., and Kline, O. R., Jr., 255
- Radial Keratotomy,** by Sander, D. (ed.), 534
- Refraction.** A Programmed Text, 3rd ed., by Reinecke, R. D., and Herm, R. J., 117
- Retinal Detachment and Allied Diseases.** Volume 2, by Schepens, C. L., 253
- Second Yugoslavian Symposium on Amblyopia and Strabismus,** September 28-30, 1981. Volumes 1 and 2, by Mastrovic, Z. (ed.), 118
- Slow Potentials and Microprocessor Applications.** Proceedings of the 20th International Society for Clinical Electrophysiology of Vision Symposium, Iowa City, October 25-28, 1982, by Kolder, H. E. J. W. (ed.), 806
- Strabismus,** by Lang, J., 401
- 1984 U.S.P. D.I. Volume I.** Drug Information for the Health Care Provider. Volume II. Advice for the Patient, 670
- Visual Fields Manual.** A Practical Guide to Testing and Interpretation, by Trobe, J. D., and Glaser, J. S., 668
- Bradycardia**
Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery, 40
Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery (correspondence), 664
- C**
- Candida sp.**
Successful treatment of postoperative *Candida* endophthalmitis in an eye with an intraocular lens implant, 593
- Cannula**
New technique for visualization of infusion cannula during vitreous surgery (letter), 657
- Capsulotomy**
Retinal detachment following neodymium-YAG laser capsulotomy, 288
Watertight entry with a bent disposable needle for anterior capsulotomy (letter), 529
YAG laser capsulotomy through a lens-manipulating hole (letter), 797
- Carcinoma**
Development of additional primary tumors after 62 years in the first patient with retinoblastoma cured by radiation therapy, 189
Results of cryotherapy for eyelid malignancies, 184
Ultrastructural study of retinal photoreceptor degeneration associated with bronchial carcinoma, 277
- Carotid artery**
Experimental model of carotid artery occlusive disease, 168
- Cataract**
Clinicobiochemical correlations in aging-related human cataract, 457
Corneal shield to prevent light-induced maculopathy during cataract surgery (letter), 658
Fluorophotometric study of anterior segment barrier functions after extracapsular cataract extraction and posterior chamber intraocular lens implantation, 197
Fluorophotometric study of anterior segment barrier functions after extracapsular cataract extraction and posterior chamber intraocular lens implantation (correspondence), 800
Further studies on allopurinol therapy and human cataractogenesis, 205
Glare disability in eyes with intraocular lenses, 43
Pseudophakia and intraocular pressure, 740
Retinal detachment in myopic eyes after intracapsular and extracapsular cataract extraction, 48
Retinal detachment in myopic eyes after intracapsular and extracapsular cataract extraction (correspondence), 666
Short- and long-term endothelial cell loss associated with cataract extraction and intraocular lens implantation, 32
Simple method for corneal and retinal protection during cataract surgery (letter), 532
Use of the argon laser in suture removal after cataract surgery (letter), 393
Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery, 40
Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery (correspondence), 664
Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery (correspondence), 799
- Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery (correspondence), 803
- Watertight entry with a bent disposable needle for anterior capsulotomy (letter),** 529
- Central retinal vein**
Long-term results of silicone tube in filtering surgery for eyes with neovascular glaucoma, 501
- Children**
Associated neurologic abnormalities in congenital third nerve palsies, 315
Enlargement of the optic disk in childhood optic nerve tumors, 627
Esterase D and hereditary retinoblastoma (editorial), 779
Fine needle biopsy in retinoblastoma, 686
Leber's congenital amaurosis associated with familial juvenile nephronophthisis and cone-shaped epiphyses of the hands (the Saldino-Mainzer syndrome), 233
Linkage of genes for human esterase D and hereditary retinoblastoma, 681
Retinal degeneration in vitamin B₁₂ disorder associated with methylmalonic aciduria and sulfur amino acid abnormalities, 691
- Choroid**
Albinotic characteristics in congenital nystagmus, 320
Choroidal granuloma in sarcoidosis, 419
Fireworks burn of choroid and retina (letter), 643
Orbital recurrence of choroidal melanoma 20 years after enucleation, 767
Pigmented paravenous chorioretinal atrophy (correspondence), 113
Retinal vascular changes in malignant melanoma of the choroid, 411
- Ciliary body**
Ciliary process microvasculature of the primate eye, 372
- Ciliary process**
Argon laser treatment of the ciliary processes in aphakic glaucoma with flat anterior chamber, 82
- Citrullinemia**
Papilledema in late-onset citrullinemia (letter), 242
- Computed tomography**
Computed tomography in penetrating injury to the eye, 583
Demonstration of orbital varix with computed tomography and Valsalva maneuver (letter), 108
Eleven cases of sarcoidosis of the optic nerve, 62
- Cone**
Ultrastructural study of retinal photoreceptor degeneration associated with bronchial carcinoma, 277
- Congenital disorders**
Albinotic characteristics in congenital nystagmus, 320
Associated neurologic abnormalities in congenital third nerve palsies, 315
Clinical implications of bilateral microphthalmos with cyst, 632
Juxtapapillary subretinal neovascularization associated with congenital pit of the optic nerve (letter), 655
Leber's congenital amaurosis associated with familial juvenile nephronophthisis and cone-shaped epiphyses of the hands (the Saldino-Mainzer syndrome), 233
Leber's congenital amaurosis in monozygotic twins (letter), 655
Surgical treatment of congenital esotropia (correspondence), 112
Treatment of total retinal detachment in morning glory syndrome, 596
- Conjunctiva**
Clinical and pathologic description of 17 cases of corneal intraepithelial neoplasia, 547
Neisseria meningitidis conjunctivitis (letter), 104
Ocular infection with orf virus, 601
- Conjunctivitis**
Tear immunoglobulins in giant papillary conjunctivitis induced by contact lenses (correspondence), 397
- Contact lens**
Corneal ulcers associated with extended-wear soft contact lenses, 476
Reaction to hydrogen peroxide in a contact-lens wearer (letter), 796
Tear immunoglobulins in giant papillary conjunctivitis induced by contact lenses (correspondence), 397
- Contrast sensitivity**
Glare disability in eyes with intraocular lenses, 43
- Cornea**
Absent meibomian glands in the ectrodactyly, ectodermal dysplasia, cleft lip-palate syndrome, 496
Clinical and pathologic description of 17 cases of corneal intraepithelial neoplasia, 547

- Cluster of cases of *Mycobacterium chelonae* keratitis associated with outpatient office procedures, 344
- Comparison of automated and conventional keratometers, 776
- Comparison of two methods of marking the visual axis on the cornea during radial keratotomy (correspondence), 660
- Contamination of donor cornea by gentamicin-resistant organisms, 560
- Corneal injury from drug capsule rupture (letter), 106
- Corneal shield to prevent light-induced maculopathy during cataract surgery (letter), 658
- Corneal toxicity of presurgical skin antiseptics, 221
- Corneal ulcers associated with extended-wear soft contact lenses, 476
- Corticosteroid therapy after anterior radial keratotomy in primates, 215
- Crescentic lamellar keratoplasty for pellucid marginal degeneration (correspondence), 250
- Familial band-shaped spheroid degeneration of the cornea (letter), 651
- Herpesvirus inoculation of cornea, 482
- High-speed photographic evaluation of intraocular lens movements, 752
- HLA-B12 and HLA-B27 antigens in keratoplasty (letter), 245
- Infectious crystalline keratopathy, 337
- Intravenous miconazole in the treatment of keratomycosis (letter), 646
- Keratopithelioplasty, 1
- Keratopithelioplasty for the replacement of damaged corneal epithelium (editorial), 100
- Method of collecting culture material from corneal ulcers (letter), 105
- Neisseria meningitidis* conjunctivitis (letter), 104
- One-year multicenter clinical trial of pilocarpine gel, 723
- Peters' anomaly associated with partial deletion of the long arm of chromosome 11, 11
- Primary surgical repair of severe peripheral marginal ectasia in Terrien's marginal degeneration, 332
- Quantitative analysis of wide-field endothelial specular photomicrographs, 488
- Quinidine keratopathy (letter), 247
- Recurrence of the clinical signs of lattice corneal dystrophy (type I) in corneal transplants, 210
- Simple method for corneal and retinal protection during cataract surgery (letter), 532
- Corrections**
- Suction cup for forced duction testing (letter), 390; correction, 813
- Corticosteroid**
- Acute retinal necrosis (correspondence), 661
- Corticosteroid therapy after anterior radial keratotomy in primates, 215
- Eleven cases of sarcoidosis of the optic nerve, 62
- Infectious crystalline keratopathy, 337
- Oestrus ovis* ophthalmomyiasis externa, 7
- Cranial nerve**
- Prospective study of the ophthalmologic findings in the acquired immune deficiency syndrome, 133
- Cryotherapy**
- Results of cryotherapy for eyelid malignancies, 184
- Transient myopia and accommodative paresis following retinal cryotherapy and panretinal photocoagulation, 704
- Cyclosporine**
- Improvement of uveitis and optic nerve disease by cyclosporine in a patient with multiple sclerosis (letter), 790
- Cyst**
- Clinical implications of bilateral microphthalmos with cyst, 632
- Exophthalmos secondary to massive intraocular gliosis in a patient with a colobomatous cyst (letter), 641
- Cysticercosis**
- Failure of medical treatment in two cases of intraocular cysticercosis (letter), 249
- Cytomegalovirus**
- Prospective study of the ophthalmologic findings in the acquired immune deficiency syndrome, 133
- D**
- Diabetes**
- Diabetic retinopathy and insulin therapy in a rural diabetic population, 709
- Inhibitor of vascular endothelial cell growth in the lens, 366
- Long-term results of silicone tube in filtering surgery for eyes with neovascular glaucoma, 501
- Macular edema and pregnancy in insulin-dependent diabetes, 154
- Diabetic retinopathy**
- Assessing the risk of diabetic retinopathy, 53
- Diabetic retinopathy and insulin therapy in a rural diabetic population, 709
- Negative coincidence of retinitis pigmentosa and proliferative diabetic retinopathy (letter), 788
- Doppler probe**
- Use of the Doppler probe to detect the course of the superficial temporal artery (letter), 526
- Drusen**
- Subretinal neovascularization in senile macular degeneration, 143
- Dysplastic nevus syndrome**
- Familial occurrence of cutaneous melanoma, intraocular melanoma, and the dysplastic nevus syndrome (correspondence), 114
- E**
- Edema**
- Macular edema and pregnancy in insulin-dependent diabetes, 154
- Editorials**
- Acquired immune deficiency syndrome (NEWMAN, N. M.), 240
- THE AMERICAN JOURNAL OF OPHTHALMOLOGY—100 years (NEWELL, F. W.), 519
- Esterase D and hereditary retinoblastoma (BURDE, R. M.), 779
- Keratopithelioplasty for the replacement of damaged corneal epithelium (KAUFMAN, H. E.), 100
- Original contributions to THE JOURNAL (NEWELL, F. W.), 101
- Postmortem ophthalmic pathology (ZIMMERMAN, L. E.), 384
- Reporting ocular fireworks injuries (WILSON, R. S.), 639
- Electro-oculography**
- Reduced variability in the electro-oculogram (letter), 395
- Electroretinography**
- Distribution of pattern-evoked potentials in the facial area (correspondence), 665
- Endophthalmitis**
- Neisseria meningitidis* conjunctivitis (letter), 104
- Ocular staphylococcal infections (letter), 645
- Successful treatment of postoperative *Candida* endophthalmitis in an eye with an intraocular lens implant, 593
- Endothelium**
- Corticosteroid therapy after anterior radial keratotomy in primates, 215
- Inhibitor of vascular endothelial cell growth in the lens, 366
- Quantitative analysis of wide-field endothelial specular photomicrographs, 488
- Short- and long-term endothelial cell loss associated with cataract extraction and intraocular lens implantation, 32
- Enolase**
- Immunohistochemistry of retinoblastomas in humans, 301
- Enucleation**
- Scleroplasty after evisceration and ball implant (letter), 530
- Enzyme**
- Eleven cases of sarcoidosis of the optic nerve, 62
- Linkage of genes for human esterase D and hereditary retinoblastoma, 681
- Papilledema in late-onset citrullinemia (letter), 242
- Episcleritis**
- Ophthalmic features of necrobiotic xanthogranuloma with paraproteinemia, 173
- Epithelium**
- Clinical and pathologic description of 17 cases of corneal intraepithelial neoplasia, 547
- Keratopithelioplasty, 1
- Keratopithelioplasty for the replacement of damaged corneal epithelium (editorial), 100
- Esodeviation**
- Graphic analysis of paralytic strabismus with the Lancaster red-green test, 587
- Esotropia**
- Surgical treatment of congenital esotropia (correspondence), 112
- Surgical treatment of lateral rectus muscle paralysis, 511
- Esterase D**
- Esterase D and hereditary retinoblastoma (editorial), 779
- Linkage of genes for human esterase D and hereditary retinoblastoma, 681
- Ethmoid sinus**
- Prolapse of the globe into the ethmoid sinus (letter), 659
- Exodeviation**
- Graphic analysis of paralytic strabismus with the Lancaster red-green test, 587
- Exophthalmos**
- Exophthalmos secondary to massive intraocular gliosis in a patient with a colobomatous cyst (letter), 641
- Eyelid**
- Absent meibomian glands in the ectrodactyly, ectodermal dysplasia, cleft lip-palate syndrome, 496

- Associated neurologic abnormalities in congenital third nerve palsies, 315
- Blepharospasm associated with tegafur combination chemotherapy (letter), 649
- Clinical implications of bilateral microphthalmos with cyst, 632
- Development of additional primary tumors after 62 years in the first patient with retinoblastoma cured by radiation therapy, 189
- Ocular infection with orf virus, 601
- Ophthalmic features of necrobiotic xanthogranuloma with paraproteinemia, 173
- Results of cryotherapy for eyelid malignancies, 184
- Spraying topical ophthalmic preparations (letter), 245
- Vertical tarsal buckling as a complication of levator aponeurosis repair for acquired blepharoptosis, 93
- Voluntary eversion of the eyelids (letter), 107

F

Filtering surgery

- Argon laser trabeculoplasty in younger patients with primary open-angle glaucoma, 292
- Long-term results of silicone tube in filtering surgery for eyes with neovascular glaucoma, 501

Fluorescein angiography

- Experimental model of carotid artery occlusive disease, 168
- Timing of color fundus photographs and intravenous fluorescein angiography (letter), 783

Fluorophotometry

- Fluorophotometric study of anterior segment barrier functions after extracapsular cataract extraction and posterior chamber intraocular lens implantation, 197

Fluorouracil

- Toxic effect of fluorouracil on the rabbit retina (correspondence), 398
- Toxic effect of fluorouracil on the rabbit retina (correspondence), 533

Forceps

- Tarsorrhaphy fixation forceps (letter), 393

Fundus

- Acquired immune deficiency syndrome (editorial), 240
- Prospective study of the ophthalmologic findings in the acquired immune deficiency syndrome, 133
- Timing of color fundus photographs and intravenous fluorescein angiography (letter), 783

G

Genetics

- Absent meibomian glands in the ectodactyly, ectodermal dysplasia, cleft lip-palate syndrome, 496
- Angioid streaks associated with hereditary spherocytosis, 444
- Esterase D and hereditary retinoblastoma (editorial), 779
- Familial band-shaped spheroid degeneration of the cornea (letter), 651
- Familial occurrence of cutaneous melanoma, intraocular melanoma, and the dysplastic nevus syndrome (correspondence), 114
- Familial occurrence of cutaneous melanoma, intraocular melanoma, and the dysplastic nevus syndrome (correspondence), 802
- Fine needle biopsy in retinoblastoma, 686
- Immunocytochemical demonstration of prealbumin in the vitreous in hereditary familial amyloidosis, 296
- Leber's congenital amaurosis associated with familial juvenile nephronophthisis and cone-shaped epiphyses of the hands (the Saldino-Mainzer syndrome), 233
- Leber's congenital amaurosis in monozygotic twins (letter), 655
- Linkage of genes for human esterase D and hereditary retinoblastoma, 681
- Peters' anomaly associated with partial deletion of the long arm of chromosome 11, 11
- Prevalence of retinitis pigmentosa in Maine, 357
- Retinal degeneration in vitamin B₁₂ disorder associated with methylmalonic aciduria and sulfur amino acid abnormalities, 691

Gentamicin

- Contamination of donor cornea by gentamicin-resistant organisms, 560

Glare disability

- Glare disability in eyes with intraocular lenses, 43

Glaucoma

- Argon laser trabeculoplasty in younger patients with primary open-angle glaucoma, 292
- Argon laser treatment of the ciliary processes in aphakic glaucoma with flat anterior chamber, 82
- Ciliary process microvasculature of the primate eye, 372
- Comparison of visual field defects in the low-tension glaucomas with those in the high-tension glaucomas, 730
- Draining implant for neovascular glaucoma (correspondence), 113
- Iris melanocytoma with secondary glaucoma (letter), 797

- Long-term results of silicone tube in filtering surgery for eyes with neovascular glaucoma, 501
- One-year multicenter clinical trial of pilocarpine gel, 723

Gloma

- Enlargement of the optic disk in childhood optic nerve tumors, 627

Globe

- Computed tomography in penetrating injury to the eye, 583
- Prolapse of the globe into the ethmoid sinus (letter), 659
- Surgical repair of medial wall fractures, 349

Gonioscopy

- On the handling of gonioscopic solutions (correspondence), 252

Granuloma

- Choroidal granuloma in sarcoidosis, 419
- Eleven cases of sarcoidosis of the optic nerve, 62

H

Hallucination

- Formed visual hallucinations after metrizamide myelography, 78

Hemorrhage

- Complications of acute symptomatic posterior vitreous detachment, 308
- Ophthalmomyiasis interna causing visual loss, 605
- Prospective study of the ophthalmologic findings in the acquired immune deficiency syndrome, 133
- Vitreous hemorrhage nontoxic to retina as a stimulator of glial and fibrous proliferation, 611

Herpesvirus

- Herpesvirus inoculation of cornea, 482

History of ophthalmology

- THE AMERICAN JOURNAL OF OPHTHALMOLOGY—100 years (editorial), 519
- Centennial Facsimile, 1 (1884)
- Commemorating '84 (letter), 654

HLA

- HLA-B12 and HLA-B27 antigens in keratoplasty (letter), 245

Hyphema

- Aspirin and recurrent hyphema after blunt ocular trauma (correspondence), 663

Hypotension

- Vascular hypotension and bradycardia following intraocular injection of acetylcholine during cataract surgery, 40

I

Immunoglobulin

- Tear immunoglobulins in giant papillary conjunctivitis induced by contact lenses (correspondence), 397

Immunology

- Acquired immune deficiency syndrome (editorial), 240
- Immunocytochemical demonstration of prealbumin in the vitreous in hereditary familial amyloidosis, 296
- Immunohistochemistry of retinoblastomas in humans, 301

Infants

- Clinical implications of bilateral microphthalmos with cyst, 632
- Ocular vasodilation and angiogenesis in Potter's syndrome, 16
- Peters' anomaly associated with partial deletion of the long arm of chromosome 11, 11
- Retrolental fibroplasia in full-term infants without exposure to supplemental oxygen, 148

Intraocular foreign body

- Computed tomography in penetrating injury to the eye, 583
- Foreign-body reaction against intraocular lenses, 743

Intraocular lens

- Fluorophotometric study of anterior segment barrier functions after extracapsular cataract extraction and posterior chamber intraocular lens implantation, 197
- Fluorophotometric study of anterior segment barrier functions after extracapsular cataract extraction and posterior chamber intraocular lens implantation (correspondence), 800
- Foreign-body reaction against intraocular lenses, 743
- Glare disability in eyes with intraocular lenses, 43
- Healon (sodium hyaluronate) in posterior chamber lens implantation (letter), 389
- High-speed photographic evaluation of intraocular lens movements, 752
- Optical hazards of intraocular lenses during vitreous surgery (letter), 386
- Pseudophakia and intraocular pressure, 740

 immune deficiency syndrome, 133

Scleral buckle

Factors influencing final visual results in severely injured eyes, 715

Scleritis

Ophthalmic features of necrobiotic xanthogranuloma with paraproteinemia, 173

Scleroplasty

Scleroplasty after evisceration and ball implant (letter), 530

Scotoma

Optical hazards of intraocular lenses during vitreous surgery (letter), 386

Senile macular degeneration

Subretinal neovascularization in senile macular degeneration, 143

Senior-Loken syndrome

Leber's congenital amaurosis associated with familial juvenile nephronophthisis and cone-shaped epiphyses of the hands (the Saldino-Mainzer syndrome), 233

Socket syndrome

Scleroplasty after evisceration and ball implant (letter), 530

Sodium hyaluronate

Healon (sodium hyaluronate) in posterior chamber lens implantation (letter), 389

Xenon endophotocoagulation under air using sodium hyaluronate (letter), 785

Spherocytosis

Angioid streaks associated with hereditary spherocytosis, 444

Staphylococcus sp.

Ocular staphylococcal infections (letter), 645

Stereoscopic vision

Surgical treatment of congenital esotropia (correspondence), 112

Strabismus

Depth of strabismic amblyopia determined with neutral density filters (correspondence), 400

Graphic analysis of paralytic strabismus with the Lancaster red-green test, 587

Surgical treatment of lateral rectus muscle paralysis, 511

Streptococcus sp.

Infectious crystalline keratopathy, 337

Penicillin-resistant *Streptococcus pneumoniae* keratitis (letter), 388

Subretinal fluid

Retinal perforator for internal drainage (letter), 786

Superficial temporal artery

Use of the Doppler probe to detect the course of the superficial temporal artery (letter), 526

Surgery

New drape support for ophthalmic surgery (letter), 391

Suture

Use of the argon laser in suture removal after cataract surgery (letter), 393

T**Tarsorrhaphy**

Tarsorrhaphy fixation forceps (letter), 393

Tarsus

Vertical tarsal buckling as a complication of levator aponeurosis repair for acquired blepharoptosis, 93

Tear

Complications of acute symptomatic posterior vitreous detachment, 308

Retinal tear localization following fluid-gas exchange during pars plana vitreoretinal surgery (letter), 390

Tears

Absent meibomian glands in the ectroducty, ectodermal dysplasia, cleft lip-palate syndrome, 496

Tear immunoglobulins in giant papillary conjunctivitis induced by contact lenses (correspondence), 397

Tegafur

Blepharospasm associated with tegafur combination chemotherapy (letter), 649

Terrien's marginal degeneration

Primary surgical repair of severe peripheral marginal ectasia in Terrien's marginal degeneration, 332

Timolol

Effects of topical betaxolol, timolol, and placebo on pulmonary function in asthmatic bronchitis, 86

Trabeculectomy

Long-term results of silicone tube in filtering surgery for eyes with neovascular glaucoma, 501

Trabeculectomy

Argon laser trabeculectomy in younger patients with primary open-angle glaucoma, 292

Pilocarpine and the increase in intraocular pressure after trabeculectomy (letter), 647

U**Ulcet**

Corneal ulcers associated with extended-wear soft contact lenses, 476

Intravenous miconazole in the treatment of keratomycosis (letter), 646

Method of collecting culture material from corneal ulcers (letter), 105

Neisseria meningitidis conjunctivitis (letter), 104

Uveitis

Improvement of uveitis and optic nerve disease by cyclosporine in a patient with multiple sclerosis (letter), 790

Ophthalmomyiasis interna causing visual loss, 605

Therapeutic effects of short-term plasma exchange in endogenous uveitis, 565

V**Valsalva maneuver**

Demonstration of orbital varix with computed tomography and Valsalva maneuver (letter), 108

Vasodilation

Ocular vasodilation and angiogenesis in Potter's syndrome, 16

Visual acuity

Depth of strabismic amblyopia determined with neutral density filters (correspondence), 400

Distribution of pattern-evoked potentials in the facial area (correspondence), 665

Eleven cases of sarcoidosis of the optic nerve, 62

Ophthalmomyiasis interna causing visual loss, 605

Primary surgical repair of severe peripheral marginal ectasia in Terrien's marginal degeneration, 332

Visual axis

Comparison of two methods of marking the visual axis on the cornea during radial keratotomy (correspondence), 660

Visual-evoked potential

Distribution of pattern-evoked potentials in the facial area (correspondence), 665

Factors influencing final visual results in severely injured eyes, 715

Visual-evoked potential in tobacco-alcohol and nutritional amblyopia (correspondence), 110

Visual field

Comparison of visual field defects in the low-tension glaucomas with those in the high-tension glaucomas, 730

Contraction anisocoria resulting from half-field illumination, 577

Eleven cases of sarcoidosis of the optic nerve, 62

Optic neuropathy in Paget's disease, 505

Variation in visual field measurements with an automated perimeter, 328

Variation in visual field measurements with an automated perimeter (correspondence), 801

Visual screening

Assessing the risk of diabetic retinopathy, 53

Vitamin

Retinal degeneration in vitamin B₁₂ disorder associated with methylmalonic aciduria and sulfur amino acid abnormalities, 691

Visual-evoked potential in tobacco-alcohol and nutritional amblyopia (correspondence), 110

Vitreotomy

Factors influencing final visual results in severely injured eyes, 715

Prone bed (letter), 787

Reducing surgically induced astigmatism by using a scleral tunnel, 450

Retinal perforator for internal drainage (letter), 786

Retinal tear localization following fluid-gas exchange during pars plana vitreoretinal surgery (letter), 390

Vitreous

Complications of acute symptomatic posterior vitreous detachment, 308

Immunocytochemical demonstration of prealbumin in the vitreous in hereditary familial amyloidosis, 296

Intraocular argon laser photocoagulation in the management of severe proliferative vitreoretinopathy, 434

New technique for visualization of infusion cannula during vitreous surgery (letter), 657

Ophthalmomyiasis interna causing visual loss, 605

Optical hazards of intraocular lenses during vitreous surgery (letter), 386

Retinal tear localization following fluid-gas exchange during pars plana vitreoretinal surgery (letter), 390

Spontaneous reattachment of the retina despite proliferative vitreoretinopathy, 428

Vitreous changes after neodymium-YAG laser irradiation of the posterior lens capsule or mid-vitreous, 470

Vitreous hemorrhage nontoxic to retina as a stimulator of glial and fibrous proliferation, 611

X

Xanthogranuloma

Ophthalmic features of necrobiotic xanthogranuloma with paraproteinemia, 173
